REASON FOR REFERRAL

At the request of the ward members to enable the impact on the town centre to be debated.

SITE DESCRIPTION AND PROPOSAL

This site sits at the foot of the hill, adjacent to the approved access to the New Barns key-site from the Wincanton Business Park. The allocation (KS/WINC/1) comprises residential, employment, education and community uses. The site as a whole has outline permission (05/00960/OUT) for residential development, industrial and community uses including a primary school, an extension to the cemetery and associated landscaped areas.

Two reserved matters approvals have been granted, 09/00979/REM for 283 houses, eleven employment units and an attenuation pond (to serve the whole development) and 10/00014/REM for medical centre, industrial units and retail units with flats above. Subsequently a full, standalone permission (11/03159/FUL) was granted (at appeal) for a medical centre, associated parking and landscaped areas and a pharmacy with a dedicated retail display area of 18m² at ground floor as shown on the approved plan.

Condition 5 of the Inspector's decision limits the retail sales area to the 18m² as shown on drawing 06010 51. Condition 4 limits the range of goods to those specified on an attached list of restricted pharmacy products and services.

Subsequently a S73 application (12/00971/S73) was approved to vary the sales area to 18sqm. This did not seek to change the list of restricted pharmacy products and services.

This application now seeks to substitute a different ground floor plan to show an increased sales area of 66sqm. No other changes are proposed.

RELEVANT HISTORY

05/00960/OUT Outline planning permission granted for mixed-use development of land together with new primary school, riverside park and associated

infrastructure (28/12/06). An associated S.106 Agreement, which has been amended by a supplementary agreement covers:-

- Affordable housing (35%)
- Provision and maintenance of landscaped public open space and play facilities
- Provision of the cemetery extension site
- Education contributions;
- Off-site highway and travel plan costs

09/04736/NMA Minor amendments agreed to 09/00979/REM to allow changes to plots 41-58, 94, 115, 116-139 and 143.

10/00014/REM Reserved matters approved for the erection of a medical centre, 3 industrial units, 4 retail units, 7 residential duplexes and associated works. The proposal did not include a pharmacy with the medical centre and condition 10 stated:-

“None of the retail units hereby approved shall be used as a pharmacy without the express grant of planning permission.

“Reason: To safeguard the vitality and viability of the town centre in accordance with policies MC3 and MS2 of the South Somerset Local Plan.”

10/05187/MNA Minor amendments agreed to 10/00014/REM to allow inclusion of photovoltaic and solar panels to the roof and 6 high-level sun-tube terminals to roof of medical centre.

11/00246/NMA Minor amendments agreed to 10/00014/REM to allow revisions to medical centre.

10/05038/FUL Planning permission refused for the erection of a new Health Centre including pharmacy on the grounds that:-

“It is not considered that it has been demonstrated that the provision of a pharmacy within the medical centre would not be prejudicial to the vitality and viability of the town centre. As such the proposal is contrary to with policies MC3 and MS2 of the South Somerset Local Plan, adopted 2006.”

11/03159/FUL Planning permission refused for the erection of a new Health Centre including pharmacy. Allowed at appeal 23/02/12.

11/04690/ADV Signage to pharmacy approved.

12/00971/S73 Variations to conditions 1 (plans) and 5 (retail sales area) of 11/03159/FUL approved.

POLICY

Section 38(6) of the Planning and Compulsory Purchase Act 2004 requires that decisions must be made in accordance with relevant Development Plan Documents unless material considerations indicate otherwise.

The policies of most relevance to the proposal are:

South Somerset Local Plan 2006 - 2028

SD1 – Sustainable Development

EP9 – Retail Hierarchy

EP11 – Location of main town centre uses (the sequential approach)

EP12 – Floorspace threshold for impact assessments

EP14 – Neighbourhood centres

EQ2 – General Development

TA5 – Transport impact of new development

TA6 – Parking standards

National Planning Policy Framework

CONSULTATIONS

Wincanton Town Council – No objection.

County Highway Authority – No observations

SSDC Highways Consultant – Does not consider that the proposed changes would lead to a significant increase in vehicular traffic to/from the site.

REPRESENTATIONS

10 letters of objection, including representations from the Wincanton Chamber of Commerce have been received raising concerns about the impact on the viability of the high street due to loss of footfall. The need to the proposal is questioned given the existing outlet on the High Street. Concern is raised that should the High Street outlet close, vulnerable residents without access to a car would not be able to access the pharmacy at the medical centre. Concern is raised about the impact of the medical centre increasing its ranges of goods – these should remain restricted to medical products.

A further letter has been received from a Town Councillor objecting on the grounds that the proposal is contrary to planning policy and would adversely affect the viability of the town centre. The councillor considers that the application demonstrates that Boots wishes to close their High Street branch and should be stopped.

Applicant's Case

In response to local concerns the applicants have provided a statement that sets out:-

An analysis of Wincanton Town Centre including a survey in September 2015 has shown it to be relatively healthy in retail terms with a vacancy level of 8.75% (7 vacant units) compared to a national average vacancy rate of 12.30%. The survey showed a number of new independent retailers entering the town centre including an Arts & Crafts shop, a sewing shop, a café and a sandwich shop. One of the vacant public houses had also been re-opened and another vacant unit was the subject of ongoing restoration works at the time of the survey. This shows the health of the town centre to be improving with a focus on independent retailers.

Boots is the only pharmacy and the main personal care goods retailer in the town centre. Only limited personal care goods are sold within the Co-op Supermarket on

Carrington Way within the town centre. As such, Boots High Street store would be the main retail outlet for such goods in the town centre potentially impacted by trade draw generated by the proposed expanded retail sales floorspace in the Wincanton Health Centre.

There are two main out-of-centre retail outletssell an element of personal care goods, with the Morrisons store featuring approximately 204 sq.m of personal care sales, and the store Lidl featuring approximately 40 sq.m of personal care sales.

We would contend that the majority of trade generated by the proposed increased retail sales floorspace at the Wincanton Health Centre Pharmacy would be diverted from these two out of centre stores rather than the town centre as patients and local residents would already travel to these stores for personal care goods rather than travel into the town centre, and would not choose to travel the extra distance to the town centre for these goods. This trade is already lost from the town centre and its diversion from the existing out-of-centre stores would have no impact on the town centre.

Boots is committed to the future of its town centre store in Wincanton, indeed where Boots have opened a pharmacy within a health centre, apart from the closure of the store from which the pharmacy contract was relocated, the remaining store(s) in the town have been kept open.

In Wincanton Boots relocated its pharmacy contract from its store at 13 Market Place to the relocated health centre in March 2012 and closed the store. Boots retained its store at 29/32 High Street.

Since opening, the staff at the Boots pharmacy at the Health Centre have received a considerable amount of feedback from customers with regard to the level of retail provision within the pharmacy. Customers have been asking questions such as 'when are you going to finish the store' and on a daily basis customers are telling staff they would like to be able to buy a wider range of Boots products. This clearly demonstrates a local demand for increased retail provision within the pharmacy.

The additional sales floorspace would only be used to sell goods within the current restricted range of goods. Widening of the permitted range of goods is not proposed.

We consider that the case put forward in the submitted planning statement and the above additional supporting information provides a robust case for the proposed additional retail sales floorspace being fully compliant with national and local planning policy and provides reassurance to the Council and interested parties that the proposed additional retail sales would be beneficial in meeting local retail needs and would not have a detrimental impact on the town centre or put Boots town centre store at risk.

CONSIDERATIONS

No physical changes are proposed to the previously approved structure, nor are any amendments to the site layout, landscaping, parking arrangements etc. requested. As such it is not considered that there are any implications for policies EQ2 TA6 or TA5. The sole revision is the repositioning of the retail sales area within the ground floor.

Although an increase of 48sqm is proposed, no variation to the range of goods to be sold is sought. The pharmacy serves primarily the medical centre, and also the substantial

residential area at New Barns. Accordingly whilst such a facility would normally be steered to the town centres of larger settlements (EP9, EP11), it is considered that a justifiable case exists for such a service in this location.

The proposed increase in floor area is not of a scale that triggers the need for an impact assessment (policy EP12); rather it is considered commensurate with a facility that might reasonably be expected in a neighbourhood centre (EP14).

On this basis, it is not considered that its repositioning as shown on the alternative ground floor plan would have any adverse impact on the town centre. As such the proposal complies with the policies of the local plan and the policies contained within the NPPF.

As this is a S73A application it is necessary to treat any approval as a fresh permission and in this respect all other issues, being unchanged, are considered acceptable any remain compliant with the relevant saved policies and the NPPF. Accordingly all other conditions, with the exception of the time limit (the development is now complete) as imposed by the inspector should be attached to the permission. The plans condition should be updated to include the new ground floor condition to be referred to in the amended version of condition 5.

RECOMMENDATION

Grant planning permission subject to the following conditions.

Justification

The proposed medical centre and pharmacy would be of an appropriate scale, with a suitable design and layout, parking and access arrangements that would not be prejudicial to visual amenity, the character of the locality or highways safety. It is considered that it has been demonstrated that the provision of a pharmacy within the medical centre, which would meet a specified need, would not be prejudicial to the vitality and viability of the town centre. Safeguarding conditions could reasonably ensure that the pharmacy would be restricted to ensure that it caters for the demonstrated need. As such the proposal complies with policies SD1, EP9, EP11, EP12, EP14, EQ2, TA5 and TA6 of the South Somerset Local Plan 2006 – 2028 and the policies contained within the National Planning Policy Framework.
