## 60 mph and up to 75 mile range

At long last an electric car with great performance, four comfortable seats, comprehensive safety standards and fitted with the latest technology long lasting Lithium Ion batteries. Charge your electric car from an ordinary domestic power point overnight (6 hours) at a cost of less than 95p.

For the first time you can now buy in the UK a reasonably priced electric car that will comfortably seat four adults and have great performance and range.

The C1 is available with 3 or 5 doors, a comprehensive list of options, a 3 year warranty and a range of colours.

The benefits of electric cars are significant:

- No road tax
- No London Congestion Charge
- Free parking in many areas
- No petrol or diesel costs
- Charge overnight from an ordinary domestic socket for around 95 pence!
- Low insurance costs
- Save thousands of pounds every year in running costs
