PART 2: Current active programmes

SCS Delivery Programme	SST Partners	Total Funding Allocation £	Progress report
1. Inward Investment Strategy: Chard Connect Programme	Lead Partner: SCC, Connecting Somerset Supporting Partners: SSDC Economic Development SSDC Area Development – Area West Others: South West Internet	21,544.59	The aim of the project is to support businesses with wireless (Wi-fi) connection to high-speed Broadband. This has been done by: <ul style="list-style-type: none"> – South West Internet being commissioned to install infrastructure including a mast at Windwhistle; – Extensive marketing to businesses including events and a further mail shot in the Autumn 2008; – 3 businesses (one of which is a major employer in Chard) taking up the offer of 50% grant for wi-fi connection; – Funding available for a further 7 grants (£2,450).
2. Health & Wellbeing: Yeovil Health Inequalities Project in Milford	Lead Partners: SSDC NHS Somerset Supporting Partners: Avon & Somerset Constabulary Yeovil District Hospital NHS Foundation Trust Yarlington Housing Group Yeovil College Devon & Somerset Fire & Rescue Service SCC Others: Yeovil Town Council	30,000.00	The aim of this project is to improve Milford Hall and to deliver a programme of activities that help tackle the causes of health inequality in the area. This is being done by: <ul style="list-style-type: none"> – Developing a shared capital fund including a recent £50,000 contribution from Yarlington Housing Group; – Matching the revenue funding contribution of £40,000 over three years by NHS Somerset for a Project Manager to deliver a programme of activities in the area; – Recruitment of the Project Manager post is currently underway.

PART 3: SCS Projects for 2008/09			
SCS Delivery Programme	SST Partners	Total Funding Allocation £	Progress report
1. Green Business Project	<p>Lead Partner: Yeovil Chamber of Trade</p> <p>Supporting Partners: Business Link SSDC Economic Development SCC</p> <p>Others: Envision, Envirowise</p>	13,050.00	<p>The aim of this project is to engage businesses in changing their operations to low carbon options, save money and improve productivity. This is being done by:</p> <ul style="list-style-type: none"> – Hosting two Launch Events, one held at the Yeovil Innovation Centre (on 16th February 2009 attended by over 40 people) and the other in Chard (on 20th February 2009 attended by about a dozen people); – Four workshops held on key business issues including Energy, Water, Green Management Systems and Waste; – Envision conducting 10 business Green Audits.
2. Affordable Housing Sites Phase 2: Methodology	<p>Lead Partner: Yarlington Housing Group</p> <p>Supporting Partner: SSDC Strategic Housing</p> <p>Others: Clive Miller Associates (Consultants)</p>	9,198.00	<p>The aim of this project is to build on Phase 1 that identified potential sites for affordable housing and develop a sound methodology of progressing those sites to development ready stage. This will be done by:</p> <ul style="list-style-type: none"> – Maximising the resources available to the project group by revising the project plan; – Engaging local Housing Associations to come on board; – Working with Clive Miller Associates to reduce the number of sites to a manageable number that are suitable for development and to conduct some of the initial brokering with landowners needed to bring forward suitable sites.

PART 3: SCS Projects for 2008/09

SCS Delivery Programme	SST Partners	Total Funding Allocation £	Progress report
3. Preventing crime: Activities for young people	<p>Lead partner: SCC, South Somerset Area Integrated Youth Services</p> <p>Other partners: Members of the South Somerset Youth Offer Sub-group (of SCC's Area Planning Group) including SSDC Sport, Art & Leisure, SSDC Youth Officer, SRYP and others</p>	4,230.00	<p>The aim of this project is to engage young people in developing diversionary activities. The project will do this by:</p> <ul style="list-style-type: none"> – Consulting on positive activities for young people through a range of methods including questionnaires, fora/workshops and a residential experience; – Forming a task group from SCC and VCS partners to plan the delivery of a conference for Autumn 2009.
4. VCS Database	<p>Lead partner: South Somerset VCA</p> <p>Supporting partners: SSDC VCS Development Officer SCC Community Development</p> <p>Other partners: Somerset VCA organisations</p>	2,083.00	<p>The aim of this project is to enable the SSVCA to develop a database template and methodology that could be replicated across Somerset to firstly identify VCS organisations and provide support and advice consistently. The project will do this by:</p> <ul style="list-style-type: none"> – Enable Somerset VCAs to meet and agree the template for the database; – South Somerset VCA to complete the work to populate it and verify the information they hold.
5. Zero-Som Sustainability Event	<p>All SST Partners</p> <p>Other partners: A wide range of public, private and voluntary sector organisations from South Somerset, Somerset, the South West and beyond.</p>	4,580.00	<ul style="list-style-type: none"> – Julia Hailes local author of the New Green Consumer Guide was the key speaker; – Extensive marketing across the district and West Dorset; – 41 exhibitions included renewables, eco-vehicles, food growing, tree planting, bio-diversity, and support for businesses, healthy lifestyles, cycling, train travel and eco-homes.

PART 3: SCS Projects for 2008/09			
SCS Delivery Programme	SST Partners	Total Funding Allocation £	Progress report
6. Community Transport	<p>Lead partner: SCC, Connecting Somerset</p> <p>Supporting partner: SSDC Transport Officer</p> <p>Others: 4 Community Transport Schemes in Somerset</p>	8,900.00	<p>The aim of this project is to work with Community Transport schemes to identify a best practice model that can be used in Somerset and beyond. The project will do this by:</p> <ul style="list-style-type: none"> - Working with 4 Community Transport schemes (CTS); two within South Somerset and two from other areas in Somerset to map current practice and develop detailed improvement plans for each; - Collate and analyse the findings of the research; - Produce a detailed report of the findings with recommendations for future schemes; - Develop a case study of good practice for national distribution. -

PART 3: SCS Projects for 2008/09

SCS Delivery Programme	SST Partners	Total Funding Allocation £	Progress report
7. Tree Planting	<p>Lead partner: SSDC Tree Planting Officer</p> <p>Supporting partner: SCC, Countryside Officer & Community Development Officer</p>	6,788.00	<p>The aim of this project is to enable more communities to develop woodland schemes for fruit/nuts, fuel and bio-diversity. The project will do this by:</p> <ul style="list-style-type: none"> – Carrying out a detailed mapping exercise of the district identifying existing ancient woodland, accessible woodland, woodland ownership, potential woodland 2.5 Km around the market towns and principal communities; – Developing a pack to help communities develop their own projects. The pack will include a CD with power point presentation, notes, handouts, publicity materials, information about grants, good practice examples, etc. – Enabling at least one community to come forward to use the pack and succeed in a woodland project; – The pack materials can be adapted to be used in communities outside of South Somerset.

PART 4: SCS Priority Actions for 2009/10

Action

* Text in bold denotes high priority area

Reference to SCS Action
