

Scrutiny Work Programme Selection

Brief outline of issue to be scored:

.....

Submitted by:.....

Initial filter questions:

	Yes	No	Filter Process
Is this item already being considered by any other body (e.g. District Executive, Area Committee)			If yes the item is not suitable for inclusion in the Scrutiny Work Programme as there is a high likelihood that work will be duplicated.
Is this an issue about which something can be done and to which the Scrutiny Committee can add value?			If no then the item should not be included in the Scrutiny Work Programme

Scoring Process

If a proposed item makes it through the filter questions, the Scrutiny Committee will then consider each of the following questions – giving a collective score upon which they all agree. To reflect the 4 principles of effective scrutiny, some elements have been **weighted**. This means that the score for that particular question will be **multiplied by either 4,3 or 2**. Once all the questions have been considered and scores awarded, members will use the following table to allocate items to the Scrutiny Work Programme:

Band A (81-132 points)	The issue should be included in the Scrutiny work programme and should be prioritised according to the score received and current workloads.
Band B (41-80)	This issue will not necessarily be included in the work programme but should be held in abeyance for future re-consideration
Band C (0- 40)	This issue should not be included in the work programme.
