 For clarity - condition 40 to remain the same. As it details the timeframes for the medical provision to be in place, I would however agree to condition 41 being removed. For Clarity- Condition 42 could be changed to; full details of the medical provision to be provided to the Licensing Authority not less than 14 days prior to the event. For clarity- Condition 47. This condition to remain as it is specific to alcohol and drugs For Clarity- Condition 54, Removal of the shuttle bus. This is to remain the same unless organisers can demonstrate equivalent controls to be agreed with South Somerset District in regards preventing vehicle and pedestrian conflict between Bruton and the event. For Clarity- South Somerset agrees there is some repetition in regards exact same conditions earlier on in the licence conditions. Therefore we agree the following conditions between pages 23 and 27 can be removed; pages 23-24 Noise conditions in entirety whole of page 25 (conditions 17-21) Conditions 28-31 on page 26 As stewarding and security in conditions 22-26 on page 26 were requested by The Police, South Somerset District Council is unable to remove these conditions Conditions 32-34 on page 27 can be removed. In parts conditions 35 and 37 are different to detail in earlier conditions 35 and 37 are different to detail in earlier conditions, so at this stage these conditions are to remain. For clarity: There is repetition in regards Conditions 30 and 63. South Somerset District Council is unable to remove if a conditions 30 and 63. South Somerset District council is council for the set of the s

Council agrees for condition 63 to be removed if
condition 30 is updated to include the words 'on demand'
7. For Clarity; The condition to remain the same.
Please forward the wording for the change of the condition so further consideration can be made.
It is disappointing that theses points have not been discussed prior to the event organiser/premise licence holder submitting a variation.
South Somerset District Council consider the current conditions appropriate to support the licensing objectives, especially with regards to public safety. However we will work with the organisers where changes to the conditions are needed, while ensuring there is no impact on public safety.
